## Flat

The Flat series stands out for its format and colours. On the one hand, the rectangular format, one of the most universal in ceramics, allows it to adapt perfectly to all rooms. From kitchens or bathrooms to living rooms or bedrooms, this series adapts to any decorative style. In addition, it can be combined with pieces from the Mintons series to enhance the design. Similarly, Flat is designed to blend in with the Exa series, as they share the same chromatic range. Its three different colour palettes will not leave you indifferent.
